It doesn't always Red have to be and Gold a consistent black and white Christmas decoration looks very noble and can be integrated fantastically into many living areas. In the jewellery and scrapbook section you will find a large selection of Selection matching borders, papers and beads, all of which can be combined wonderfully
Here, large round glass-cut beads with cone-shaped beads sparkle in a competition Acrylic beads . The expressive Pearl Stars beads are quickly made and also a great gift for dear friends.

Here's **how it works**

Thread the different beads onto the beams of the Pearl Stars . Let your creativity run free and combine the different colours and shapes according to your taste. For the eyelet at the end leave about 1 cm of wire free. Bend the wire with the jewellery pliers at right angles to the side and then roll it up to form an eyelet. To hang up the finished Pearl Stars pull Organza ribbon through an eyelet. The stars are also a nice decoration on the table or the Christmassy decorated chest of drawers.
