

Fairy Landscape Mug

Instructions No. 2391

Difficulty: Advanced 🍷🍷🍷🍷

Working time: 4 Hours

Create your own **little fairy garden**. This magical garden is home to fairies and elves. In our example, a **cup is the miniature house** and it and the surrounding area are further embellished with ladders, fences and floristry. This enchanting decoration should not be missing in your home!

This is how you create the fairy landscape:

First, prime the **cup** and the **plate** with white **craft paint**. Then add colour accents according to your wishes.

Then glue on the **napkin motifs**. Cut out the desired napkin motif. Remove the two unprinted layers of the napkin and place the motif on the plate and cup. Now take a soft napkin brush and brush the napkin from the inside to the outside with **napkin varnish**. Allow to dry thoroughly.

Paint the inside of the cup with **Flaky Glue**.

Cut the **stick foam** into shape, place it on the plate and place the cup on top. Cover the foam with **moss** all around.

Colour the **ladder** and **fence** elements and decorate them into the scene.

Wrap **fairy lights** around the **flower garland** and drape around the cup.

Now you can design your fairy landscape according to your preferences with further **materials and miniatures**. For example, how about a cast **crown** with lettering as in our decoration example?

To do this, mix the **Keraflott relief** casting slip with water according to the instructions on the pack to a creamy consistency and pour it into the mould. After it has dried, you can remove the moulding and use a marker to write a beautiful lettering on it. You will have a great eye-catcher in your fairy landscape.
