Instructions No. 2618

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 3 Hours

The Christmas season is fast approaching. Invite your loved ones to the festivities with these homemade Christmas cards with the motto "I love Christmas". You can design the cards easily and individually.

## Individual card design:

With these three different cards for the Christmas season, you can be completely free and let your creativity run wild.

For this card idea, we used cardboard in a block. Then folded them in the middle with a file leg.

Finally, you can cut out small motifs and stick them on with the 3D adhesive pads, shape the wire into a star, for example, and design it as a tag. The tapes and tags can then be integrated so that you have beautiful Christmas cards.
