advent calendar Folding boxes

Instructions No. 2058

Difficulty: Beginner

Working time: 3 Hours

A homemade Advent Calendar one does not always automatically mean that it takes a lot of time and material. For this Advent Calendar one we have already used ready-made folding Kraft paper boxes and Advent numbers decorated Satin ribbon them with glitter paper.

Choose your desired colours from the glitter paper **mix**. Cut a total of **24 Paper strips**with a width of 4 cm. Cover the back of the paper with **double-sided paper and Adhesive tape**stick it in the middle of the paper boxes**.** Now fold the boxes together.

Cut 24 pieces from **Satin ribbon** with approx. 45 cm length. Choose the colours you like best. Stick a strip of **double-sided Adhesive tapeglitter paper** in the middle of the **glitter paper** and attach the cut-to-size paper to Satin ribbon it. Close the front Ribbon with a bow. Finally, glue the **Advent numbers** on the folding boxes

You can either collect the finished boxes in a small box or crate or you can hang the small boxes on one. You can use Advent Calendar small gifts, sweets or nice messages as a filling for the box. Or how about homemade cookies in the first door?
