advent calendar "Owl couple" made of wood

Instructions No. 897

This beautiful Advent Calendar makes eyes shine! In festive Red and decorated with a trendy owl motif, it will certainly quickly become a permanent part of your Christmas decoration. Filled with lovingly selected little things it will also become a real treasure chest.

And it's as simple as that:

Prime the drawer fronts, the body and approx. 2cm of the arch in red,
the inner cut-out of the sheet in Ice blue and the outer edges of the drawers in white. When everything is dry, apply white dots with a brush to the drawer fronts and the sheet and paint the drawer knobs white.
After drying, you glue on the Advent calendar numbers.
Cut out the napkin motif exactly with the silhouette scissors and spray the back of the printed napkin layer with masking glue.
Now glue the motif into the arched surface.
Stick a second motif onto the aluminium sheet primed with white paint. After drying, cut out the desired parts and

emboss them on the special mat.
For the 3D effect, glue the finished parts directly onto the napkin motifs in the sheet.
Decorate the sheet and the drawer covers with fir branches and
some decorative snow, which you spread on the fir branches and edges with the Spatula
While everything dries out well, you can emboss some motifs and then decorate the calendar with them
