We love this Advent Calendar ! The surprise candies are simply made and are a great eye-catcher!

And this is how it is done

The "sweets" of this advent calendar are made of **Motif paper** rolled: Place a **DIN A5** sheet of paper in front of you, crosswise and with the motif side down. Stick a strip of **white Crêpepaper, each 15 x 5 cm**, to each narrow page of double-sided Adhesive tape . **TapRibbone** the wide top and bottom edges with and roll Paper together, sticking the wide edges together.

The open "candy candy can already be decorated on one side with **Jute ribbon** be bound together. Leave the other side open for later filling with surprises.

Make all candies in this way. Cut a **green Felt sheetto a** width of 25 cm (1 m x 25 cm) and arrange the packets one below the other. Fill each package, close the opening with a Jute ribbon-loop and glue all packages with a glue gun.

The Advent Calendar needs now only still the Advent numbers and small starlets. Also these accessories simply stick on. Provide the Felt sheet above with two holes and attach the hanging tape for the calendar (Jute ribbon) to these holes.
