# VBS Craft kit terracotta pot Chicks

**Instructions No. 2953**

Difficulty: Beginner

Working time: 2 Hours

The **cute chicks** in cheerful yellow are a real eye-catcher! What's more, the set is so easy to make that it's great fun for young and old alike. Perfect for a relaxed afternoon of crafting with the whole family.

You can make five chicks with our craft kit. In addition to the materials included in the set, you will also need only a fineliners.

## This is how you design the chicks:

1. Start by painting the **terracotta pots** with the color buttercup . You also paint the **polystyrene balls**.

To keep your hands clean, you can stick a bamboo skewer into the polystyrene balls before painting.

It is best to apply several coats of the **paint** so that it covers well. The individual layers of paint should always be completely dry before applying another one.

2. Now glue the chick's head onto the terracotta-pot. Then insert the beak and glue on the eyes. You can get creative here: Paint with a **fineliners** in addition to eyebrows and eyelashes, paint on smiling and winking eyes, for example!

3. To glue on the feet, shorten the legs to a few millimetres. Apply a drop of handicraft glue to the feet and attach them to the inside of the terracotta-pot.

4. Then glue on the **pompom sleeves** and put a straw hat on three of the chicks. Fix them to the heads with handicraft glue and leave the glue to dry for a sufficient amount of time.

5. Finally, glue on the colorful **bows** as desired - and your cute chicks are ready!
