Bath salts in acrylic balls

Instructions No. 2591

Difficulty: Beginner

Working time: 1 hour

Are you looking for a gift for the cold season? Then this homemade bath salt is just the thing - not only from the inside, but also from the outside, the filled acrylic spheres look really good.
In our instructions, we show you how you can do something good for yourself or your loved ones.

Creatively packaged bath salts

For the reindeer, colour bath salts with 40 drops of soap colouring. Add scented oil as desired for both versions and mix everything well.

Fill the salt into the acrylic balls with a funnel and close them.

For the reindeer antlers, twist three chenille wires together and bend the ends apart. Glue the antlers to the ball with a little hot glue.

Fix a cylinder on the snowman's head.

Attach a pompom as a nose to both the snowman and the reindeer and two wiggly eyes to each. Finally, decorate the two with ribbons.
