

Bunte Mosaik Pappmaché-Figur Schnecke

Instructions No. 543

Difficulty: Advanced 

The old art of mosaic laying has lost none of its fascination to this day, but with new elements it is given a modern face. On this colourful snail many small beads and glass muggles are simply laid in white Structure Paste . Even mosaic beginners can do this.

Here's **how it works**

Prime the snail white.

After drying, spread Structure Paste on the snail shell with a Spatula brush in batches place Acrylic beads, Rocailles and glass mosaic on top and press on lightly.

Let the Structure Paste dry for about 24 hours, then polish the mosaic with a soft cloth.

Design the body of the snail with Handicraft paint and finally glue 2 Acrylic beads on the feelers.

This idea is timelessly beautiful!
