Candles for school enrolment

Instructions No. 3296

Difficulty: Beginner

Working time: 1 hour 30 Minutes

Are you looking for a gift idea or something special for your little one's first day at school? Why not give the gift of personalized and individually designed candles! The schoolchild is sure to be delighted. And the candles can be lit later on the festive table and give the ambience a magical look.

Step-by-step instructions for creative candle decorations

1. **Prepare the stamp**
Place a silicone stamp of your choice on the Clear Stamp Holder. Make sure the stamp is securely in place before continuing.
2. **Stamping**
Apply the waterproof stamping ink from Staz-On to the silicone stamp and press it carefully onto the water slide foil. Clean your stamp after use with a stamp cleaner to keep it clean for the next use.

Use the PIGMENT Decobrush pens to color your stamped motifs as desired. Allow the colors to dry completely to avoid smudging.

3. **Cutting out and soaking**

Cut out your stamped motif precisely from the water slide film. Place it in lukewarm water for about 30-60 seconds until the backing paper comes off.

4. **Design the candle**

Carefully slide the motif from backing paper onto the candle and carefully smooth out any creases with a soft cloth. Dab off the drops of water. You can still move and correct the motif in the first few minutes. Then leave it to dry for six hours until it adheres completely.

5. **gift wrapping from craft blocks**

Now glue five craft blocks together to form a decorative gift wrapping, in which you can place your candles once they have dried.

Choose a gift tag and stamp it with a motif of your choice. Tie the tag around the gift wrapping. with a thread

You can also decorate pillar candles in the same way. Our materials list and the large Selection of candles and transfer foils will help you with your purchase. Order now and get started with your candle project!
