1. First tear the paper into small pieces and then mix the paste with water according to the instructions on the packet.

2. Then stick the small pieces of paper with the paste to the cardboard cone until you can no longer see it and leave it to dry until the paste is hard and completely dry.

3. Now poke a hole in the top of the cardboard cone with the awl. Now poke a hole in the top of the cardboard cone with the awl.

4. Paint the wooden ball with the VBS craft paint and cut off about 30 cm of the warp yarn.

5. Make a thick knot at one end and pull the other end through the hole in the cardboard cone from the inside. Knot the wooden ball to the end that hangs outside.
