Difficulty: Beginner

Working time: 1 hour 30 Minutes

Create your own festive card with pennants chain! In this step-by-step guide, we'll show you how to make a beautiful and creative Christmas card that will wow your friends and family. With simple materials and clear instructions, you can create your own handmade card in no time and improve your crafting skills at the same time.

1. Cutting out the reindeer card

Select a sheet of cardboard in a color of your choice from the craft cardboard sheet pad. Use the punching template, to cut out the card with reindeer from the selected craft cardboard sheet .

2. Gluing behind the card

Cut out a sheet from the "hot Foil" design paper block in the same size as your reindeer card. The "hot Foil design paper gives your card an elegant and glittery effect. Glue this sheet to the back of the reindeer card so that the design is visible through the cut-out reindeer.

3. Labeling the pennants
Take three pennants and label them with the word "Joy". Here you can decide whether you want to write the letters on with a marker or also cut them out. Now label more pennants with any message you would like to present on your card.

4. Glue on the letters
Glue the letters to the pennants using a small amount of handicraft glue . Press them on carefully to make sure they stick firmly. Allow the glue to dry briefly before continuing.

5. cord draw through the pennants
Take the cord "Volga" and pull it through the holes in the pennants. The cord serves as a connecting element and gives the chain pennant stability.

6. Attaching the "Joy" lettering
Attach the pennant chain with the lettering "Joy" to your reindeer card. Glue the ends of the cord to the back of the card or attach them with small decorative glue dots.

7. Anchoring the chain pennant
Attach the chain pennant and other pennants to the card using the die-cut stars and cords . These additional elements add even more charm and decoration to your card.
