Colorful rabbit gang

Instructions No. 3008

Difficulty: Beginner

Working time: 1 hour

Imagine you could conjure up your own colorful bunny family - and it's easy with Raysin! Let's dive into the world of mold casting together. We'll show you how to create this colorful easter decoration in no time at all using color concentrates.

For one bunny, you need **5 tablespoons of Raysin powder**. Mix this with **water** and stir to form a creamy mixture.

Now add a few drops of the **VBS color concentrate** to the casting mixture as desired and stir everything well again.

Pour the mixture into the **silicone mold**. Tap the filled mold lightly on the surface a few times to release the air bubbles.

After approx. **4 hours Time to dry:**, carefully remove the bunny from the mold and allow it further to dry thoroughly.

Finally, the edges can be smoothed with **sandpaper** smooth the edges.

In this way, you can cast a colorful bunny family.
