Colourful summer cuisine

Instructions No. 2210

Difficulty: Beginner

Working time: 2 Hours

In summer, it can be colourful. Even cool drinks taste much better from colourfully decorated bottles with coloured coasters. In this tutorial, we show you how to create colourful coasters from miniature wooden pallets and create decorative glass bottles with little effort.

Decorate bottles

1. Shorten the round sticks to the desired length with scissors or a craft saw.

2. Paint the wooden balls with craft paint and glue them to the round sticks with craft glue once they have dried.

3. Cut small flags out of turquoise craft paper, write and decorate them with a marker and glue them around the

round sticks.

4. Wrap jute cord around the bottleneck.

5. Cut out circles and attach them to the jute cord together with the stickers.

Now the glasses can be filled with ice cubes, cold drinks and some mint and served.

Painting pallets

1. Paint the miniature wooden pallets with different craft colours. In our example, we chose the colours apricot, old pink, turquoise blue and fig.

2. Let the paint dry and apply a second coat of paint if necessary. Let dry again.

3. Write on with a white marker.
