Crocheted bunny eggcups

Instructions No. 2137

Difficulty: Beginner

Working time: 2 Hours

With this cute crochet idea you create practical warming egg cups that look like little bunnies! Learn step by step how to crochet the egg warmers yourself.

"Crochet bunny rabbit" is very easy!

You need Catania wool for this crocheting idea. From a ball of wool you can make about 6 egg cups with needle size 4. Here you work with two threads at the same time. This does not only result in an especially nice, firm and thick stitch pattern - your boiled eggs are kept better warm later. For the rabbit ears use needle size 3 and crochet with a simple thread.

Small "Crochet 1x1" for beginners
You start with an initial loop: form the end of the thread into a small "pretzel", pierce this loop with the crochet hook, pick up the thread and pull it through to a first stitch.

Warp stitch (KM):
The crochet hook is stitched in the next stitch. The pulled out loop is pulled through the loop on the crochet hook

Fixed stitch (FM):

The crochet hook is inserted in the next stitch. The pulled out loop remains on the crochet hook, with the crochet hook another loop is formed and pulled through both loops on the needle.

Chopsticks (Stb):
On the crochet hook a loop is formed, then the needle is stung in the next stitch, the pulled out loop is crocheted with a new new loop to a stitch, this and the stitch already on the needle are crocheted together with another loop.

Air stitch (LM):
With the crochet hook the thread is pulled as a new stitch through the loop on the needle.

Spiral air mesh (turn - LM):
Two air stitches are created with the crochet hook. Then thread is wound around the crochet hook as a loop, the needle is pulled through the first stitch of the beginning crochet row, first with the first stitch and then with the remaining stitch to form a new crochet stitch.

Crochet instructions are usually written with the abbreviations in brackets.

Each crochet round is closed with a KM, the new round is started with a turn LM.

Eggcup or rabbit body:

1. Round: Crochet 6 sc to form a thread ring by making all stitches from the same loop (thread ring)
2. Round: Work 6x 2 sc in each stitch (= 12 sts)
3. Round: 6x alternate 1 sc, then 2 sc in one stitch (=18 sts)
4. Round: Crochet 1 sc in each back stitch 18 times (= 18 sts)
5. Round: 18x 1 sc each (= 18 sts)
6. Round: 6x alternating 2 sc each, then 2 sc in one stitch (= 24 sts)
7. - 9th round: 24x 1 sc each (24 sts per round)

To finish, simply cut the yarn, pull it through the last stitch and pull it tight to form a knot. The rest of the yarn is tucked away inconspicuously in the crochet work.

Rabbit ears

Crochet first stitch, then:
1st row: crochet 10 crochet sc and a further turn sc
2nd row: crochet 10 sc, then 3 turn crochet sc
3. row 9 tr crochet, 1 FM, then 1 turn over LM
Crochet 4th row 10 FM.

As soon as you have crocheted all ears, sew these to

the egg cups and attach a small pompon each as "stub tail" to the finished "bunnies".
