## Cute butterflies

#### **Instructions No. 2231**

Difficulty: Beginner

Working time: 45 Minutes

Our cute **butterflies** look great and are fun to make for both young and old. With **only a few materials**, the butterflies can be designed in your desired colours. Adults and children can let their imagination run wild and children train fine motor skills and their ability to concentrate.

# This is how the butterflies are made:

- 1. Glue the wooden sticks together to form an X.
- 2. Fold a **chenille wire** in the middle, twist it about 3 cm and place it in the middle of the wooden stick-X. Twist again and thread first the smaller, then the larger **wooden ball** over both ends.
- 3. Now form antennae with the chenille wire and shorten if necessary.
- 4. Wrap **embroidery twist** in your chosen colours around the wings, fixing the ends of the thread to the wooden sticks with craft glue. It is best to work from the inside out.
- 5. Glue on the **eyes** and draw a mouth with a fineliner.
- 6. The butterflies can be hung up with a thread, for example sewing thread, perlon thread or similar. To do this, tie the thread between the two wooden balls.
