Make your own deodorant cream

Fill the melting pot with water at the side filling opening and close it tightly with the stopper.

Now add the following to the pot:

3 tbsp. shea butter
3 tbsp. coconut oil
4 tsp. beeswax pastilles

Bring everything to a melting point at a low temperature. Keep stirring in between. Let the mixture cool down a

little.
Voeg nu maximaal 10 druppels essentiële olie "Citroengras" toe en roer nogmaals krachtig. Omdat deze olie sterk geconcentreerd is, mag ze alleen gedoseerd worden gebruikt.

Fill the finished mixture into a preserving jar and leave the deodorant cream to harden completely in the refrigerator.

Decorate the jar

Cut a 25 cm long and 3 cm wide strip from the motif block and decorate it with a stamp. Also cut out a circle with a diameter of 6 cm and label it with a liner. Fix both to the glass with craft glue.
