Design a fairy jar

Instructions No. 2988

Difficulty: Beginner

Working time: 4 Hours

Immerse yourself in the fairytale world of fairies as you conjure up enchanting motifs such as flowers and dreamy scenes on a preserving jar with this craft idea. Be inspired by the magic of fairies and create a unique, enchanted work of art.

Cut the motif straw silk "Hydrangea fragrance" to fit the storage jar. Then fix them with the napkins "Glass & porcelain" varnish. Tie a bow around the jar and embellish it with a lavender pick.

Then start by covering the **lid** with **moss** with glue. Use the **cord "leaves"** to create a hanging loop. Tie one end around the lid and knot the remaining long end on the opposite side of the **cord**.

For the next steps, cut out the motifs from the motif straw silk "Enchanting cards" and attach them to the embossing foil using the patch adhesive. Use the tweezers scissors to cut out everything delicately. Then emphasize the details with the embossing pens.

The cut-out motifs, such as **butterflies** and a **fairy**, are now glued onto the **moss** glued on. You can attach a **bamboo skewer** to the back to hold the fairy in place. Complete the lid by adding more **lavender picks**.
