DIY Storage Jar with Parsley Pesto

Instructions No. 1793

Difficulty: Beginner

Working time: 20 Minutes

There is nothing more delicious than freshly prepared pesto with herbs from the garden. Our recipe is prepared with fresh parsley and walnuts - filled into small glasses it is ideal as a present or for storage.

Recipe for approx. 500 ml

The amount is enough for about 6 VBS Screw-top glasses, bulbous, 80 ml each. You need:

- 4 bunches parsley
- 1 onion
- 1 garlic clove
- 2 tablespoons olive oil
- 75 g Parmesan cheese
- 150 g Emmental cheese
- 75 g walnuts

Puree everything as finely as possible into a tough paste using a food processor. If the paste is still too coarse, add a little oil and season with salt and pepper. The pesto tastes great with pasta, but also as a spread or dip.

Loving packaging

Fill the pesto into small screw glasses

Punch out of Kraft paper a small circle, write the sticker in your personal handlettering style, stick it on the Kraft paper-circle. Punch a hole.
