Easter bunny with matching Easter basket

Instructions No. 2472

Difficulty: Beginner

Working time: 2 Hours

Are you looking for a pretty Easter decoration? Then give the bunny Bonnie a new home! The bunny and the matching Easter basket are designed with napkin technique.

Easter craft fun with napkin technique

Prime the areas that you want to decorate with a napkin motif with white craft paint.

Then coat the dried surface with napkin varnish and apply the napkin two-dimensionally: you only need the top printed paper layer of the napkin for this, so remove the other layers. Lay the paper motif flat and then coat everything again with napkin varnish. Learn more about the **napkin technique** in our basic instructions.

You can use craft paint to add more colorful accents.

Use double-sided tape to easily **decorate** the Easter basket with pom pom tape. Finally, decorate the basket with ranunculus. **Extra tip:** Put some plug-in foam in the basket, so the ranunculus can be arranged perfectly.
