# Frühlingshafter Riesen-Vogel

#### **Instructions No. 1297**

In this handicraft instruction we show you how to create a beautiful **spring-like Standing figure** with a few simple steps. All you need is Handicraft paint, a few colorful Feathers, a colorful Napkin and to apply the paint you need a brush, sponge and some Napkin varnish.

**Designing the Pioupiou bird** is really easy and fun for the whole family.

### And it's that easy

- 1. Prime the bird with a bright Handicraft paint, e.g. Yellow and let it dry for about 15 minutes
  For our bird we have chosen a sunny Yellow, which we have applied over the entire surface with a sponge. The colour can be spread very well with the sponge and leaves no colour noses or uncleanliness during application. You can paint the whole bird and the stand yellow
- 2. Let the paint dry well.
- 3. Now glue the **Feathers** on the bird's head.
- 4. The **belly of the bird and the tail of the feathers** were painted with colourful handicraft colours. The combination of cheerful colours gives you a particularly friendly and spring-like bird. The belly of the bird was dabbed with small spots of paint with a brush. The tail of the feathers was alternately painted with thicker stripes, thinner stripes and some spots of paint. The wings of the bird were designed similar to the bird's belly.
- 5. **Beak and legs** of the bird become Orange painted. For the eyes, paint slightly rounded triangles with white paint and let them dry. Afterwards you can bring the eyes to life with a fine brush and some black paint by giving them the final touch and adding pupils and an eyelid.
- 6. Last but not least you can attach some lawn tapeto the stand
