Creative gift wrapping for chocolate bars, banknotes and vouchers: simple instructions DIY-Instructions

Step 1: Preparing the casting compound

Start by mixing about four heaped tablespoons with water to form a lump-free, creamy mixture. Use a sufficiently large bowl and stir until all the lumps have disappeared and the mixture is nice and fluid. This mixture serves as the basis for your creative packaging and ensures a stable shape.

Step 2: Pouring and hardening

Carefully pour the finished mixture into the prepared silicone molds. To ensure that the mixture is evenly distributed and there are no air bubbles, tap the mold gently on a firm surface. Leave the castings to harden for around 30 minutes. Then carefully remove them from the mold.

Step 3: Drying and smoothing the molds

After demolding, the moulds should be allowed to air dry completely. This complete drying is important so that the castings reach their optimum strength. If the edges are rough, you can easily smooth them with sandpaper . This will give your packaging a professional and clean look.

Step 4: Decoration with glitter pens

Now comes the creative part: paint the fully dried shapes with glitter pens of your choice. Let your creativity run wild and use colors that the recipient might like or that match the occasion. Allow the paint to dry thoroughly before proceeding to the next step. These colors will add the finishing touches to your packaging and make it a real eye-catcher.

Step 5: Designing the gift wrapping

Now thread a piece of bamboo cord through the chocolate bar holder. Tie the chocolate bar of your choice or a rolled-up banknote or Voucher to the cord - this will keep it securely in place. Then write a heartfelt message on a small card and put it in the mini envelope. Attach the message to the bamboo cord with a mini clothespin. This makes the gift wrapping not only pretty, but also personal.

This homemade gift wrapping is sure to make an impression. Not only is it a beautiful package, but it also shows the special effort and love you have put into the gift.
