Große Styroporkugeln mit Deko-Bändern und Pailletten

Instructions No. 683

Difficulty: Advanced

These big balls are really something! They are decorated with opulent decorative ribbons and matching Sequins colours. A wonderful decoration - not for only Christmas time.

And this is how it works

Primer them black or white Polystyrene balls for an even surface and then coat them with ultra-brilliant Aquapro.
Cut the decorative borders to size and pin them Needles around the balls.
Stamp different motifs on both sides of the borders.
Use the golden Ink Pads one for the black ball and the brown one for Ink Pads the white ball. For inking, place the stamp on the work surface and Ink Pads press it down.
The stamped curlicues with Metallic Effect Tighten the liner, Sequins highlighting individual areas.
Prick a hole in the balls with a knife or scissors, thread the glitter cord through them and secure them inside with a thick knot
To cover the hole, place a rosette of ribbon around it and Needles pin it in place.

This idea is timelessly beautiful!
