Instructions No. 572

Difficulty: Advanced

Working time: 1 hour

This pretty arrangement is the perfect complement to the bridal bouquet of Fleurogami flowers. With the sturdy Hair clip one, it stays safely in place throughout the ceremony.

Here's **how it works**

Pick up Paper-Soft-Color with the nudge brush from the sponge in the paint can and color the Coloured paper in circling movements. Then ink the silicone stamp with Paper-Soft-Color and stamp the squiggles onto the inked sheets of paper.

Cut the coloured Coloured paper into 12 squares of 7 x 7 cm each. Fold the paper squares diagonally, then the two corners towards the top. Fold the two wings outwards to the edge, put both wings up like a bag and then press flat. Fold the tips of the wings downwards, fold the wings inwards, so that a square is formed again. Glue the right wing to the left wing, then join 6 elements with tape-Ribbon to form a flower.

Glue two Paper Flowers together, put a supporting wire through the middle of each flower and glue on an orange Pearl . Thread the silk cords onto the rays of the bead star and cut off excess material. At the end put on a glass wax bead and bend an eyelet.

Loops from Organza ribbon and silk cords of different length on the star and glue it on the Hair clip . Leave two tapes hanging down.
Finally glue the two Fleurogami flowers and some paper

flowers on the Hair clip , fix two Paper Flowers on the hanging ribbons.
