Autumn is the ideal time to add a little magic to your living space with an imaginative Secret Santa door. Halloween is a particularly good time to decorate your home with spooky-sweet decorations. With these instructions, you'll be able to create an enchanting yet spooky scene with ease!

A spooky and beautiful Secret Santa door decoration is very easy to make yourself. Start by arranging the individual parts of the gnome door set on the wall shelf according to your personal taste. As soon as you are sure where you want to place which decorative element, stick it to the shelf with VBS handicraft glue to the shelf.

As a special touch, you can hang up the small miniature lantern and the miniature wreath using a small pin. Make sure that the needles are firmly attached to the wood of the wall shelf.

Spiders, pumpkins - continue decorating your Halloween decorations with small miniatures and stickers. Black fairy tale wool is perfect for spooky, beautiful cobwebs and will give your Secret Santa door a wonderfully spooky atmosphere.

Paint the pumpkins with faces and arrange your new Halloween decoration as an eye-catcher in your home.

Give your home an unmistakable touch with self-made eye-catchers. You can find all the materials you need for your creative project in our online store! Have fun crafting and decorating!
