Hare plotting

Instructions No. 2129

Difficulty: Beginner

Working time: 30 Minutes

Decorating for **Easter** is a joy. And that's where our **bunny pins** come in. They can be wonderfully integrated into an Easter flower arrangement or make the recipient happy on a gift.
We have created these beautiful bunnies for you as a unique **motif template**, which you can easily download free of charge as a file and transfer to the **plotter machine**. The machine cuts out filigree motifs perfectly.

This is how you create the cute bunnies:

Open the Silhouette file on **Silhouette Studio**. If you want to have the **bunnies** from different **cardboards**, copy the bunnies to an extra page. Check the settings and plot.

If you don't have a plotter machine available, you can alternatively print out the bunnies as a pdf and cut them out with a scalpel.

Stick the sticky **wire** to the backs of the bunnies with double-sided tape. Finally, glue on the pompoms.
