

Kerzenring und Blütenball mit ausgestanzten Papierblüten

Instructions No. 366

Difficulty: Advanced 🍃🍃🍃

Working time: 30 Minutes

Punching - embossing - gluing, the practical flower punch delivers lifelike petals for a wealth of creative ideas. So wall decoration and table decoration fit together perfectly.

Flower ball

Make the flower ball as described at Stretched Canvas . However, the white flowers here are painted with light blue chalk, not with light pink chalk. Then transfer the template for the leaves three times to Felt and cut them out. Emphasize the leaf veins on it with creative chalk and glue them under the flower ball - done.

Candle Rings

For the candle rings, design the punched out flowers on both sides with creative chalk and bead maker pen. After the

When dry, carefully pierce holes in it with the pricker needle and thread them alternately with the white beads on approx. 50 cm silver wire

Tip: Thread the wire twice through, so that the beads and flowers lie in a loop and do not slip. Now wrap a ring with 5 cm diameter from aluminium wire and twist the ends. Wrap this ring with green Satin ribbon, tie a loop at the end and add a lilac bow. Afterwards, loosely wrap the floral wire around the ring. Finally, thread 3 lilac-coloured decorative beads on silver wire, make a loop and twist it. Repeat this process twice more with a little distance between the beads, so that three groups of beads are together. Make several

of these trios and attach them to the candle ring so that they are on the outside above the flower ring.
