knitted tube Star

Instructions No. 2085

Difficulty: Beginner

Working time: 1 hour

A simple yet impressive Christmas decoration. With a few simple steps these stars are made and can be hung wonderfully in the window, on the Christmas tree or on the wall.

Print out the **free template**. Cut **off** a sufficiently long piece of winding wire from and put it into the paper tube**.** Now take the template and form from the Knitted tube one star. The ends are glued together with **hot glue**

Attach a **nylon thread** to the upper tip for hanging. Finally **Firberries** and **cones** glued to the star with hot glue.

Must Have

Knitted tube from paper yarn, 30m, Berry

Running length: 30 m
