

Lichtkästen mit Sternenfolie

Instructions No. 689

Difficulty: Advanced 🍴🍴🍴🍴

Lighting design in a completely different way: this extraordinary **Lamp foil** conjures a fascinating sparkling star out of every point of light. This creates atmospheric decorations - not only at Christmas time. The two decorative frames made of papier-mâché are covered with Décopatch and Paper decorated with light. So you give your favourite napkin motif the appropriate frame.

Here's [how it works](#)

Special paper "Flower Nature" and Straw silk paper "Dreams" with Napkin varnish stick flat on the decoration frames and let dry

Cut the star foil in the appropriate size for the frames and stick it on with tape.

Press the Ink Pads for colouring on the silicone stamp and stamp curlicues on light boxes and star foil, then wipe over the edges with the Ink Pads and thus additionally emphasize them

Glue the fairy lights clips on the back of the frame and insert the fairy lights. Alternatively, make a cut-out for the connecting cable set on the back.

Fix the lamp socket and fairy lights with hot-melt adhesive.

Cut various motifs roughly from the Napkins , remove the two unprinted layers of paper and glue the printed

layer to Craft cardboard sheet or cardboard using Napkin varnish

Cut out the motifs exactly after drying, wipe over the edges with Ink Pads and stick them on with 3D pads.
