Luminous garden caterpillar

Instructions No. 761

Difficulty: Beginner

Let yourself be infected by the joy of our shining garden caterpillar. It's ready in no time - the garden party can start right away!

And this is how it works:

Unfold the lanterns and insert the wire hangers according to the instructions. Straw silk paper Tear them into small pieces and glue them onto the lanterns Napkin varnish in a slightly overlapping colour. Use the VBS Napkins-Brush, it enables even application and minimizes the risk of wrinkles or cracks in the motif.
After drying, thread the light chain and connect the individual lanterns with a wire. For the face, first prime the eyes with VBS Hobby Color in white. You paint the borders of the eyes, the pupils and the mouth with VBS Hobby Color in Black and the tongue with VBS Hobby Color in Red on.
Finally, twist the two Chenille wire together and attach them as a probe to the bracket of the head.
