Wreath decorating made easy: creative ideas for your Advent and door wreath

Welcome to your ultimate guide to designing wreaths! Let this idea inspire you to come up with your own creative ways to use a fir wreath or a willow wreath for your christmas decoration .

Typical Christmas: Fir wreaths

We'll start with the classic fir wreaths. Whether artificial or real, both versions make wonderful decorations.

Rusty look:
Give your wreath a new look, but stay true to Christmas. The bells and jingles consist of acrylic balls and bells. Paint them with rust paint and decorative snow. This works best with painting sponges. Black "slits" drawn evenly on the baubles with a black permanent marker give the baubles the "bell shape". You can achieve the perfect look by decorating the wreath with a decorative ribbons and knotting it on as a hanging ribbon.

Classic Advent wreath:
This stylish combination on your wreath ensures a glittering festive season. Decorated with red candles, christmas balls and stars, this Advent wreath fits into any home. Discover the **instructions** here.

Christmas wall mural with wreath:

Star wreath from willow

Why always go round when you can be creative? The star wreath is a magical alternative.
