

Memobord mit Tafelfarbe im Landhaus-Stil

Instructions No. 1000

Notes or greetings find the right frame on this wall shelf. The practical board can be written on with chalk and wiped clean at any time. So that you do not have to search for it, there is a small shelf directly on the board. Whether cups in the kitchen or keys and jackets in the hallway, everything finds additional space on the four hooks below the memo area.

And it is as simple as that:

Prime the board in white and let it dry. Apply Board paint to the memo area and let the paint dry well. Then use the brush and the dark paint to draw irregularly over the edges of the wall shelf to give it its used look.
