

Osternest mit kunterbunten Eiern

Instructions No. 3285

Difficulty: Beginner 🍴🍴🍴🍴

Working time: 30 Minutes

A classic Easter without a personalised Easter nest is unthinkable! Let this idea inspire you to create your own personalised DIY Easter nest as a special decoration. Or use the creative seagrass basket as the basis for hiding the Easter bunny's "Easter eggs" on the festive day!

The basis for this springtime decoration is a seagrass basket. Take the colourful eggs and place them evenly in the basket. You can also place your own Easter eggs in the basket instead, depending on your personal taste. The eggs are the first eye-catcher and symbolise Easter perfectly.

Now add the bunny gang. Arrange the little bunnies decoratively between the eggs. The fun and cheeky bunnies add a playful touch to your decoration and bring a smile to everyone's face.

Now comes the special highlight. Use hot glue to decoratively stick a small bunny, some daisy blossoms and more eggs onto a hay mat.

Place the designed hay mat in a prominent place in your home. For example, you can choose a table or shelf as the location. Finally, place the Easter nest you have made on top.

Your new Easter decoration will bring a spring feeling into every home and make the Easter holiday something very special.
