## Packaging with homemade wire tags

Instructions No. 2319

JJJJ Difficulty: Beginner

O Working time: 2 Hours

Gift giving is not only about the great content, but also about a **beautiful and creative gift wrapping**. We show you how to make **impressive tags** with a little **wire**. Not only do they look beautiful, but you can also use the tags to personalise the gifts or write down wishes.

## This is how you make the wire pendants:

Design **white card** with the **stamps** in different shades of brown. Then cut tags/pendants in your desired sizes. Punch a hole in the top with the hole punch.

Now form loose circles from the wire for the Christmas baubles or bend the wire several times around **cookie cutters** to create shapes like shooting stars, fir trees or similar.

Attach the **wire motifs** to the tags. Then add names to the tags as desired. This is best done with edding markers.

Tie small bows with the jute cord and stick them to the tags as well.

Tie the jute cord to a handle of the **bag** and hang the **bells** and tags on it.

Decorate the bags with the golden stickers.

## Article information:

Article number	Article name	Qty
10191	VBS Silicone stamp "Merry X-Mas"	1
