

Practical memo board with wire

Instructions No. 1582

Working time: 20 Minutes

Primer First of all you have to prime the [Wooden picture frame](#) with beige Handicraft paint. The frame is coloured a shade darker with grey-brown.

As soon as the paint is dry, simply apply a piece [Wire](#) cut it to the size of the picture frame (approx. 36 x 36 cm) and fix it on the frame: with hot glue or with a stapler this can be done easily and quickly. Decorate the new memoboard with hydrangea flowers.

The notes can now be easily pinned to the wire with small miniature wooden staples.

Must Have
