

# School Enrolment Countdown School Cone

Instructions No. 2828

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 1 hour

Children are very excited and eagerly await the **first day of school**. To give the children an idea of how long it is until the big day, the soon-to-be ABC guardian can count down the last days with our **countdown school bag** and even cut them off. A great idea to shorten the waiting time until the start of school for your child...

This is how the countdown calendar is made:

Print out the **templates** and transfer them to the **motif cardboard** using graphite paper.

Cut out everything.

Trace the lettering, lines and numbers with the **Posca marker**. Now glue both parts together with a little **craft glue**. Knot a satin ribbon to the "closure" and close it with a bow.

Our countdown calendar is made for 15 days. You can adapt this to your child's needs and lengthen or shorten the calendar as you wish.

Now your child can cut off a piece of the school cone every day and see pictorially how long it is until the big day of starting school.
