Snowmen with fillable ball bellies

Instructions No. 705

Difficulty: Beginner

Working time: 30 Minutes

These two fellows have it in them: **The big ball is divisible and has plenty of room for sweets or presents**. And after the presents have been given, the snowmen will surely find a place of honour in the winter decoration of the presentee.

And so it goes

Polystyrene balls, -dab hemispheres and cutting discs with decorative snow, when dry dab glitter paste over them.
Glue a hemisphere with hot glue diagonally on the cutting disc, close the sphere and glue the small sphere on it. Tie a piece Knitted tube between both balls.

Make templates for the cylinder from the template, Felt transfer them to the cylinder and cut them out. Glue the long piece round together and on the brim of the hat, then fix the lid on it. Glue on the cylinder and decorate with decorative snow, glitter paste, mushrooms and Ice-pick.

Paint the wooden tips orange and stick them together with Wobbly eyes and small pieces to the Felt face, stick on small felt circles as buttons

Polystyrene balls stick

Polystyrene balls dabbed with decorative snow and dried can be glued with hot glue.

Felt-Cylinder tinkering

With the help of the template, a cylinder can be created from Felt .
