Star-kandelaar with decorative elks

Instructions No. 3119

Difficulty: Beginner

Working time: 2 Hours

If you are looking for an unusual Christmas decoration or a suitable alternative to a classic Advent wreath, then these stars-kandelaar are just the thing for you! Use this idea as inspiration for your own decorative stars with illuminated elks.

Paint the edges of the wooden stars with handicraft paint in the colors pastel-olive green and fig . Paint the antlers of the moose in the same colors. Once dry, use a bamboo skewer to dab small dots onto the antlers in the other color. Allow the paint to dry thoroughly.

Coat the wooden stars with clear varnish. This coat of varnish brings out the grain of the wood better. Wait until this coat is also dry. Then screw the kandelaar onto the stars.

Glue the moose to the stars with handicraft glue and place your pillar candles in the grommets.

Must Have
