## This is how you make the sweet chick:

Print out the templates and cut them out. Glue the egg template together at the marked places. Now transfer the templates to the Felt respective Felt sheets. egg and chick templates. A soft pencil or a line-ex-pencil, where the lines will disappear later, is very suitable for this.

**Tip:** If you want to have the chick's face on the back as well, please also cut out the eyes and beak twice

Transfer the points to them as desired and Felt sheets cut them out

Then lay the two corn yellow felt eggs on top of each other and apply hot glue to the edges **and stick them** together. Leave the middle of the bottom part free, because this is where the wooden stick will be placed later. Now glue the egg shells with hot glue on the corn yellow Felt.

Tie the felt piece for the bow in the middle with sewing thread or similar and then glue it in the desired place

Now you can glue on the face and the dots.

Finally, glue the rod of the stand to the base and place the chick figure on it.
