

VBS Creative set "Flower Girls"

Instructions No. 2100

Difficulty: Beginner 🍷🍷🍷🍷

Working time: 3 Hours 30 Minutes

These little flower girls look simply adorable. With the practical VBS creative set you can easily recreate the 5 girls. All you need is a hole puncher, scissors, hot glue and crafting colours. This craft idea can be realised together with children.

Design the flower girls step by step:

1. Transfer the template for the flower skirt onto the dotted paper, the template for the wings onto tracing paper. Cut out everything. Punch a hole in the centre of the flower skirts with a hole puncher.
2. Cut the round bars to 10 cm. Use a side cutter for example. Stick the cut sticks onto the wooden discs. Apply hot glue 3.5 to 4 cm above the wooden disc (once around the wooden stick). Now pull the flowers onto the sticks. The applied hot glue prevents the skirts from slipping down.
3. Paint the wooden balls (25 mm) with different colours. The VBS craft colour set "Bonbon" is suitable for this, as it is colour-coordinated with the papers. As soon as the paint has dried, the balls are pulled onto the wooden stick and placed over the skirts.
4. Cut the chenille wire into 10 cm pieces, wrap them once around the stick over the ball and form the arms. For the hands, thread wooden beads.

5. Draw faces on the larger wooden beads (30 mm); first sketch out faces with a pencil. Paint the eyes with white handicraft paint, draw a circle on the white with ice blue and with a black liner paint the pupil, eyelashes, nose and mouth. Fix the wooden ball with hot glue on the chenille wire.

6. The hair of the flower girls is made of fairy tale wool. Take some fairy tale wool for each girl, put it into the hole of the wooden ball at the top, shape it a bit and fix it with a little hot glue. Now the hair can be styled as desired.

7. Finally, glue the wings to the body from behind with hot glue.

Must Have

The image displays the components of a handicraft kit for creating five flower girl figures. At the top, there are two groups of wooden beads: six larger beads (30 mm) and ten smaller beads. Below these are a blue polka-dot fabric square, a bundle of wooden sticks, a pink bag of fairy tale wool, and a small packet of gold glitter. At the bottom, five completed flower girl figures are shown, each with a unique color scheme (purple, yellow, green, blue, and pink) and white wings. The figures are made of wooden beads with painted faces and styled hair made of wool.
