

# Vorratsgläser im trendigen Karo-Look verziert

Instructions No. 947

Who doesn't appreciate a little gift from the kitchen? Pack your souvenir nicely in the small glasses. Quickly designed, you can even make a last-minute commitment and enjoy an invitation.

**It's as simple as that:**

Stick the tape Ribbon according to taste on the glasses and the labels first on the white Craft cardboard sheet for a better color brilliance. Cut out the labels and stick them onto the glass with tape Ribbon .

Decorate the glass with white Satin ribbon combined with check ribbon, tie it to a bow and fix it to the glass. You can also thread an additional label here.
