

Winter scene with building kits

Instructions No. 2869

Difficulty: Beginner 

Working time: [2 Hours](#)

Du suchst noch eine schöne **winterliche Dekoration**? Hier ist sie! Die Häuser und Tannen sind einfach zusammenzustecken und können dann noch beklebt und bemalt werden. Mit ein wenig Schnee und Naturmaterialien wird das Tablett in eine fantastische Dekoration verwandelt.

This is how you can design the tray:

Put the **VBS Wooden building kits** "Christmas tree" together and fix them with **VBS handicraft glue**. After drying, glue them onto the enclosed tree discs. Lightly prime the VBS house silhouettes with white **craft paint**. Then allow to dry. Tear out the desired motifs from the **straw silk paper** and stick them onto the houses with napkin varnish.

Now you can start decorating. Place the houses and fir trees on the **tray**. Iceland moss, decorative willow, cones and organic snow on the tray complete your winter decoration.
