Wooden deco flower

Instructions No. 2749

Difficulty: Beginner

Working time: 2 Hours

This great **standing flower** was designed with the **branding technique** as well as with **handicraft colours**. An enchanting eye-catcher in your home. With your chosen craft colours, you can give the flower your personal touch.

This is how the flower is designed:

Transfer the motif template onto the wood using graphite paper.

Now you can easily burn in the motifs with the **branding pen**. To do this, first turn on your branding pen and wait approx. 5 minutes until it is completely heated. Now you can trace the branches with the branding pen.

Colour the leaves and flowers with craft paint. Also colour other parts of the stand flower as you like with craft paint.

After drying, add contours and small leaf veins with a whitemarker, e.g. from Posca.

Attach the enclosed **ribbons** to the stand-up flower with hot glue.
